Contd...

Objective of the event:

- This event was organized for final year students as per Community Medicine curriculum.
- To provide students a practical approach towards understanding the actual industrial ground level working system and how it causes occupational hazard.
- To provide better insight about the occupational hazards which the workers suffers

Flow of Event:

1. Departed from college at 10 AM
2. Reached at 10:30 AM
3. Visit 10:30 TO 12:30 PM
4. Return at 1 PM

Significance/Outcome:

- All the students sincerely participated in industrial visit.
- They were able to get better insight about actual industrial ground level working system and how it causes occupational hazard.
- Coming from homoeopathy these fine details help a student to provide better line of treatment once they become practitioner in future wrt. occupational diseases.
- Detailed experience about their health from workers & company experts help them a lot to categories the type occupational hazard that can occur in particular industry.
- It helped them to clear doubts related to topic.
- They came across methods of prevention taken at industry level and observed if any more can be taken.

Quote / Comment

Conclusion

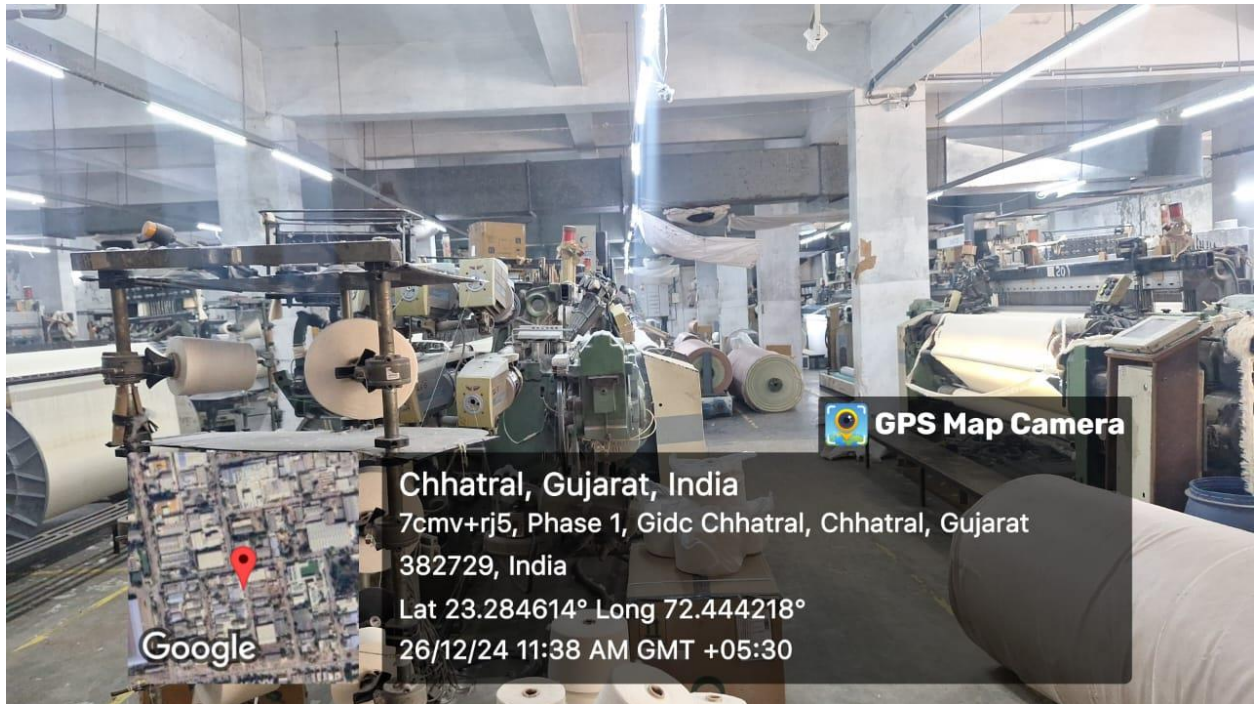

- 26th April 2024 students of 4th BHMS of Aarihant Homoeopathic Medical College and Research Institute have successfully completed visit to Symphony Fabrics Industry, Chatral, Gujarat as a part of their Community Medicine curriculum.

- A very informative & knowledgeable visit. Students gained a lot at the end as it was really worth visiting and seeing the complicated life of workers.
- Triggering of young minds is done in such visit after experiencing it practically and coming from Startup & Innovation promoting university they can thought of new ways to prevent these occupational diseases & hazards.
