## **Objective of the event:**

- This event was organized for final year students as per Community Medicine curriculum.
- To provide students a practical approach towards understanding the processing of milk i.e pasteurization, clarifier, separation etc., methods of purity check of milk and milk packing, production of milk powder, butter, icecream etc.
- To understand the process & methods of preventing milk borne diseases.
- To make them aware of history of Amul Dairy Anand & milk cooperative society and understand its importance with respect to welfare of people.

## **Flow of Event:**

1. Departed from college at 9:30 AM
2. Reached at 10:10 am
3. Survey at Amul Dairy Plant till 12 pm
4. Return after 12:30 pm

## **Significance/Outcome:**

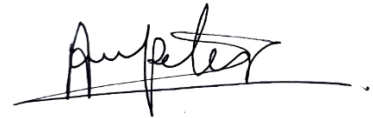

- All the students sincerely participated in diary plant survey.
- They were able to get better insight about process of pasteurization in plant.
- Thorough explanation given by experts made it easy to understand and absorbed in their minds.
- Being a part of innovation university, observing in real the successful innovation of Dr. Verghese Kurien inspired students to dream big and make it real.

## **Conclusion**

- On 27<sup>th</sup> & 28<sup>th</sup> Jan 2025 students of 4<sup>th</sup> BHMS of Aarihant Homoeopathic Medical College and Research Institute have successfully completed visit to AmulFed Dairy, Gandhinagar as a part of their Community Medicine curriculum.
- They learnt about the processing of milk i.e pasteurization, clarifier, separation etc., methods of purity check of milk and milk powder & butter production.
