Number of Participants	67 Students and Faculties in the Field Visit to Jaspur Water Works.

Objective of the event:

- This event was organized for 3rd year students as per Community Medicine curriculum.
- To provide students a practical approach towards understanding the processing of milk i.e pasteurization, clarifier, separation etc., methods of purity check of milk and milk packing, production of milk powder, butter, icecream etc.
- To understand the process & methods of preventing milk borne diseases.
- To make them aware of history of Amul Dairy & milk cooperative society and understand its importance with respect to welfare of people.

Flow of Event:

1. Departed from college at 9:30 AM
2. Reached at 10:00 am
3. Survey at Amul Fed Dairy Plant till 12 pm
4. Return after 12:30 pm

Significance/Outcome:

- All the students sincerely participated in dairy plant survey.
- They were able to get better insight about process of pasteurization in plant.
- Thorough explanation given by experts made it easy to understand and absorbed in their minds.

Conclusion:

- On 14th feb 2026 students of 3rd BHMS of Aarohant Homoeopathic Medical College and Research Institute have successfully completed visit to Amul Fed Dairy, Gandhinagar as a part of their Community Medicine curriculum.
- They learnt about the processing of milk i.e pasteurization, clarifier, separation etc., methods of purity check of milk and milk powder & butter production.
