

**SWARNIM STARTUP & INNOVATION UNIVERSITY ACTIVITY
REPORT 2024**

INSTITUTE AND DEPARTMENT	AARIHANT HOMOEOPATHIC MEDICAL COLLEGE AND RESEARCH INSTITUTE
ACTIVITY NAME/ EVENT NAME	SEMINAR ON BASIC IDEAS OF HOMOEOPATHY AND EVIDENCE BASED CLINICAL CASE STUDIES
DATE OF THE EVENT	04/03/2025
DURATION	3 HOURS
PARTICIPANTS	ALL 1 to 4 th year BHMS STUDENTS and Internship Student
FACULTY COORDINATOR DETAILS	DR KAJAL JOSHI (ASSOCIATE PROFESSOR) DEPARTMENT ORGANON OF MEDICINE
NUMBER OF PARTICIPANTS	250 STUDENTS AND FACULTIES OF AARIHANT HOMOEOPATHY MEDICAL COLLEGE and RI

1. Introduction

A seminar on Basic Ideas of Homoeopathy and Evidence-Based Clinical Case Studies was successfully conducted on 4/3/2025 at AHMC Seminar hall. The event was organized by Aarihant Homoeopathic Medical College and RI to enhance the understanding of homoeopathic principles and the significance of evidence-based clinical practices. The seminar attracted over 250 participants, including students, faculty members, and interns, reflecting the growing interest in scientific validation of homoeopathy.

The objective of this seminar was to provide a deeper insight into the fundamental principles of homoeopathy and present real-world clinical case studies that validate its efficacy. By bridging theoretical knowledge with clinical evidence, the seminar aimed to strengthen confidence in homoeopathic treatment among students and

professionals.

2. Program Highlights

The seminar featured distinguished speakers Dr Krutik Shah from the field of homeopathy, research, and clinical practice. The key sessions included highlighting the significance of evidence-based homeopathy in modern healthcare.

Session 1: Fundamentals of Homeopathy – A detailed discussion on the principles of homeopathy, including the Law of Similars, potentization, and individualization.

Session 2: Evidence-Based Case Studies – Presentation of well-documented cases demonstrating the efficacy of homeopathy in chronic and acute conditions.

Session 3: Q&A Session: An interactive session where experts addressed queries from students and faculty.

3. Participation & Engagement

The seminar witnessed active participation from students and faculty members across various homeopathic colleges and medical institutions. Notable aspects of engagement included

Over 250 attendees, including undergraduate, postgraduate students, researchers, and faculty.

Live case study discussions with real patient outcomes.

Discussions that encouraged critical thinking and scientific evaluation of homeopathy.

Networking opportunities for students and professionals to collaborate on future research initiatives.

4. Outcome

The seminar successfully reinforced the importance of homeopathy as a scientific system of medicine supported by clinical evidence. The key takeaways from the event included:

Enhanced understanding of homeopathic principles and their practical applications.

Exposure to clinical case studies, demonstrating the efficacy of homeopathic treatment in various diseases.

Bridging the gap between traditional homeopathic practice and modern research methodologies.

Encouragement for students to pursue research and contribute to evidence-based homeopathy.

5. Conclusion

The seminar on Basic Ideas of Homeopathy and Evidence-Based Clinical Case

Studies was a resounding success, fostering awareness, scientific discussions, and a deeper appreciation of homeopathy's role in healthcare. The event emphasized the need for continued research and documentation of clinical outcomes to establish homeopathy as an evidence-based practice.

With overwhelming participation and positive feedback, the seminar set a strong foundation for future homeopathic practices, academic and research-oriented events in homeopathy.

The organizers expressed gratitude to speakers, participants, event coordinator and supporting team for making this event a valuable learning experience.
