Objective of the event:

The objective of an awareness camp on World Cancer Day 2025 would focus on educating the public about cancer prevention, early detection, treatment options, and support resources. It aims to raise awareness about the global impact of cancer and reduce the stigma surrounding the disease. Specific objectives could include:

1. **Promote Early Detection:** Encourage regular screenings and self-examinations to catch cancer in its early stages, which can significantly improve survival rates.
2. **Educate on Risk Factors:** Raise awareness about lifestyle changes, such as healthy eating, regular physical activity, avoiding tobacco, and reducing alcohol consumption, which can lower cancer risks.
3. **Support for Patients:** Inform cancer patients and their families about available treatment options, support groups, and financial assistance programs.
4. **Combat Stigma:** Challenge misconceptions about cancer and address the stigma that often surrounds the disease.
5. **Share Survivorship Stories:** Inspire and motivate through stories from cancer survivors, showing that recovery is possible and highlighting the importance of hope.
6. To Promote the **theme** of World Cancer Day 2025: The World Cancer Day theme 2025-2027, “United by Unique” places people at the centre of care and explores new ways of making a difference.

Flow of Event

1 Reached the location – Kapileshwar Temple, Kalol at 9:30 Am.

2 Awareness Camp till 12:30 PM

Significance

Awareness camp plays a crucial role in educating the public about cancer prevention, early detection, and treatment options. It empowers individuals with knowledge on lifestyle changes that can reduce cancer risks and encourages regular screenings for early diagnosis. The camp also offers support to patients and families, reducing stigma and promoting community involvement in cancer care and research.

Conclusion

The cancer awareness camp successfully empowered participants with vital knowledge on prevention, early detection, and treatment options. It fostered a sense of community support, encouraging individuals to take proactive steps toward better health.

Internees learnt that how to participate in IEC & BCC programs. They also learn how to take care of Cancer Patients.
