

Today on world Homoeopathy day I wanted to share some remarkable results of Homoeopathic medicines as a tribute to master Samuel Hahnemann who was basically a German Physician who did M.D. in modern medicine but in zeal of a research for a medicine as an option which treated disorders in body removing all ailments of disease causing factors . By his constant hard work he invented Homoeopathy .

This is a system of medicine which perfectly treated simple running nose to deformities caused by arthritis, sore throat , keloids , contractures , different allergies & all systemic disorders etc. you name the disease we show the rest , you can trust on my 30 years of clinical experience. Today

as our Nation is celebrating the goodness of this health care system under the banner of Ayush with the auspicious presence of our President Mrs Droupadi Muru let us all be aware to get full advantage of this system of health care as India leads the world in Homoeopathy system of medicine .
